Re MOlet to BU, 11/30/70.

It is believed that a counterintelligence measure could be taken through liaison with the Montgomery PD and Board of Education of Montgomery, Ala., to prevent the further use of these premises, which are the property of the Montgomery School Board. This would disrupt these classes and force the NOI group to find another location in order to hold classes.

Bureau authority is requested to implement this counter-intelligence measure in order to disrupt the NOI attempts in Montgomery to establish a mosque there.

Cleveland stated it receives advance information concerning arrival of newspapers and indicated investigation revealed air freight clerks are not acquainted with [REDACTED] and would not in all likelihood recognize the Agent as an impostor. Cleveland felt this tactic would add to recent arguments between national headquarters and local NCCF regarding the shipment of papers into Cleveland and the payment by Cleveland to national headquarters for such papers. RE: COUNTER-INTELLIGENCE PROGRAM  
BLACK EXTREMISTS  
RM

Re Cleveland letter to Bureau, 8/25/70.

The Cleveland Office proposes the following plan which the office believes will disrupt the Ohio Chapter of NCCF at Cleveland, Ohio, and which plan might also be suitable for use against the Toledo Chapter of NCCF. The plan would consist of the use of a Negro Agent in the interception of the delivery of the Black Panther News to the Ohio Chapter. Prior investigation has shown that the Panthers receive their newspapers via Air Freight through TWA, UAL or American Airlines and that the Cleveland Office had advance information concerning the arrival of these newspapers. Cleveland proposes that when such advance information concerning the arrival of the newspapers is received a Negro Agent proceed to the appropriate airline freight office with sufficient other Agent personnel in the area to assure his security and [REDACTED] who has usually picked these papers up in the past. Investigation at the airline terminals has reflected that the freight clerks are not familiar with [REDACTED] and would not in all likelihood recognize the Negro Agent as an impostor. This Agent would then sign [REDACTED] name to the air bill. It is felt that the above tactic will disrupt the Ohio Chapter because of prior complaints by this Chapter of not receiving newspapers and of recent arguments between National Headquarters and this Chapter regarding the payment for these papers.

## OPERATIONS UNDER CONSIDERATION

11/2  
EX

(A) The Bureau is requested to consider the interception of the Black Panther Newspaper by Agents of the Cleveland Division. The newspaper would be intercepted upon arrival in Cleveland and Toledo. Cleveland anticipates this would cause a loss of revenue in the neighborhood of \$2000 based on the number of papers received weekly. It is anticipated that this would create dissension within the Black Panther Party as the Cleveland and Toledo Chapters would certainly be criticized by National Headquarters in California for lack of security. *Demed Cdk*

No formal plan will be formulated by Cleveland until Bureau consideration of the proposal.

(B) Cleveland also is in the process of formulating a plan whereby ads will be placed in Suburban newspapers using Black Panther Party phone numbers. It is contemplated that constant incoming phone calls will disrupt the normal course of business at local Headquarters. *ma*

(C) Cleveland is also trying to utilize information regarding criminal activities of individual members of the Black Panther Party. Information will be leaked to news sources pointing out Panther Membership of those members arrested for serious offenses. Care would be taken in these programs to insure that the Bureau cannot be identified as the source.

Cleveland then proposes after these papers are successfully intercepted that a letter be drafted to the National Headquarters of the BPP anonymously, stating that the writer is a loyal member of the NCCF and wants to bring something to the attention of the National Office but is fearful of being identified as having informed on the Ohio Chapter. The letter would go on to say that this individual learned that [REDACTED] had conspired to line their pockets with money by claiming they did not receive a shipment of papers and refusing payment because of this, thus keeping the proceeds for themselves. This letter would also inform National Headquarters that [REDACTED] plan to blame the "Pigs" for their not receiving the newspapers

This letter will be sent on paper without a water mark and will be enclosed in an envelope without a water mark.

It is felt that the above-described counter-intelligence measure would greatly increase friction between the Ohio Chapter and National Headquarters and would be a very strong disruptive influence regarding Black Panther Party activities.

It is well known that the primary source of income to the various Black Panther Party (BPP) chapters is from the sale of their newspaper. Consideration is being given to some method of depriving the BPP of their newspaper for at least one week.

## 2. Operations Being Effected

A number of local labor unions and officials were selected for anonymous mailing of the VICTOR RIESEL article, and a number of rabbis and Jewish congregations were selected for anonymous mailing of the New York Times Anti-Zionist article. A number of religious congregations, primarily Negro, were selected for anonymous mailing of the "Like It Is" leaflet.

The following is a ninety-day summary of activities within the New Haven Division relating to captioned program:

## I. OPERATIONS UNDER CONSIDERATION

New Haven is presently preparing to submit under separate cover the following proposals for the Bureau's implementation:

- A. New Haven proposals of 6/4/70 and 8/7/70 re leaflets depicting prominent black persons from various walks of life carrying slogans that relate the idea that violence was not used in their climb of the ladder of success.

## II. OPERATIONS BEING EFFECTED

- A. The leaflet entitled, "BPP Ten Point Program" and "Like It Is" has been distributed to all offices with BPP chapters or splinter groups.
- B. Mailing of anonymous Bureau counterintelligence article of 11/10/70.

### III. TANGIBLE RESULTS

During the month of November, 1970, sources of the New Haven Division advised that the counterintelligence measure entitled "Ten Point Program" and "Like It Is" was being circulated in the black community but could not give any reaction by the BPP regarding same. Other offices given this information have not as yet reported any results regarding this matter.

The results of counterintelligence measure taken as depicted in B of Part II above has been so recent that results have not been obtained.

[REDACTED]

advised on 11/25/70 that BOBBY SEALE had been quite despondent for the past few weeks and on that date did, in fact, cause a disturbance at the prison by breaking up furniture and other items in his cell.

### IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTERESTS

It has been noted that recently the turnover in Black Panther personnel in the New Haven area has been considerable and that the leadership of this chapter is not considered effective at this time. Due to the lack of understanding between the present leadership and the new members, consideration is being given to mailing anonymous letters to these individuals belittling the present leadership in order to drive a wedge between the two factions. These proposals will be submitted in the near future.

## 1. OPERATIONS UNDER CONSIDERATION

The Tampa chapter of the NATIONAL COMMITTEE TO  
COMBAT FASCISM (NCCF) has just recently opened new headquarters  
at 2918 - 29th Street, Tampa, Florida.

At present, the opening of this headquarters can be used to  
the advantage of identifying militants coming to the head-  
quarters and of placing sources in contact with militants at  
the headquarters. It is believed that the headquarters can  
be permanently closed at any time through effective counter-  
intelligence measures and such measures are under considera-  
tion.

## 2. OPERATIONS BEING EFFECTED

Tampa is closely following the activities of the  
JUNTA OF MILITANT ORGANIZATIONS (JOMO) in St. Petersburg,  
Florida, and the NCCF and BLACK YOUTH FOR PEACE AND POWER (BYPP),  
in Tampa, and during the continuing investigation will remain  
alert for cointelpro.

In accordance with instructions set forth in re  
Buairtel, reproductions of a column written by VICTOR RIESEL,  
regarding the BLACK PANTHER PARTY (BPP) will be mailed to

The committee desires to increase involvement on the part of [REDACTED] not only in the Syracuse area, but throughout the United States. STUDENT NATIONAL COORDINATING COMMITTEE

346 West 20th Street  
New York, New York 10011

Dear Comrade:

Attached is a reprint of an article in the Black Panther, Saturday, June 20, 1970, page 9.

This article contains a senseless attack by Eldridge Cleaver on SNCC & brother [REDACTED] a vanguard revolutionary. Phil will assume the position of Director of International Affairs for SNCC upon completion of duties with the Third Venceremos Brigade.

Eldridge Cleaver, now enjoying a self-imposed exile, is an intellectual pimp. He believes that his Panther Pussys are the only relevant revolutionary group in Babylon.

SNCC disputes his claim of leadership and his right to lead.

SNCC has no quarrel with the revolutionary aspect of the Panther program and accepts their basic program as correct; however, we do dispute and detest the cult of personality created by certain Panther leaders about themselves. (Cleaver, Newton, Seale, et al).

While Little Phil, as Eldridge calls him, is in the vanguard of the revolution, Eldridge is safe and ineffective 4,000 miles away. When a revolution is being made the leadership consists of those who are fighting in the vanguard, NO MATTER WHAT THE RISK!

Where were Fidel, Che, Kim Il Sung, Mao Tse Tung and Patrice Lumumba when revolution was being made? They were with the people, not 4,000 miles from the front.

So, Mr. Moishe Tshumbe Cleaver, before you seek to criticize those of us who are engaged in making revolution in America, you must establish your right to primacy. You must show by example not exile, how to wage revolution. You must, in short, become a credible revolutionary.

100-448006-2102  
ENCLOSURE 23

SNCC believes strongly that the lackeys of the beast are as dangerous as the beast and the masses of blacks must be educated to recognize real leadership from the mere allegation of leadership on the part of certain charlatans.

[REDACTED] has recently returned from Cuba with the Third Venceremos Brigade and is living in Atlanta with [REDACTED] another vanguard SNCC revolutionary. [REDACTED] is being renewed in struggle by sister revolutionary [REDACTED] and has engaged the enemy once again.

Until Eldridge returns to the wilderness of North America and joins in the day to day battle in Amerika we will continue to regard him as a coward.

# ON PHIL HUTCHINS

BY ELDREDGE CLEAVER  
MINISTER OF INFORMATION

Phil Hutchins is the new Julius Lester with the same old shaky approach to writing squeaky articles about the shortcomings of the Black Panther Party. This little punk is actually a joke. When SNCC had absolutely collapsed, had totally fallen apart at the seams, James Forman scraped around amongst the left-over Black hippies still relating to the name and past-glory of SNCC and fronted Little Phil off as the chief spokesman for a defunct organization.

As time goes by, the bourgeois nature of SNCC is thoroughly revealed by the paths followed by its former members. Where are these loud-mouthed Black hippies now? Julius Lester, Ivanhoe Donaldson, Charlie Cobb? Those of them that have not become outright pigs have made spiritual deals with the pigs.

But we should not be fooled or confused by all the weird changes that many people are going through these days as things get hotter. Many people spent the greater part of their lives calling for a revolution, and now that the violent phase of the revolution is unfolding, they throw up both hands and start going through a lot of liberal intellectual changes. Instead of getting down with it and helping to deal with these voracious pigs, these napes find it more relevant to start splitting hairs and debating the fine points of what's wrong with the movement. In the past, they could not be forced to exercise their brains about anything. But now, when action is called for above all else, they suddenly develop a great interest in the fine points of the movement.

We are witnessing today nothing but the plain and simple cowardly coping-out of all these phony Black and White liberals and arm chair philosophers. There is only one question for these napes to answer, only one hair for them to split, and I think it was well-stated by brother Doug Miranda: Do we lick the master's boots or take the master's head?

Phil Hutchins' answer to this question seems to be: "We do neither of these things. We debate the issue until the master takes our heads."

SUBJECT: COUNTER INTELLIGENCE PROGRAM

RACIAL INTELLIGENCE

DATE: DEC 2

ReNYlet to Bureau, 8/19/70.

## 1. Operations Under Consideration

The NYO is aware that one of the most active black nationalist operations in the NYC area is the distribution and sale of the BPP newspaper "The Black Panther".

The NYO realizes the importance of negating the financial benefits coming to the BPP through the sale of their newspaper. Continued efforts will be made to derive logical and practical plans to thwart this crucial BPP operation.

## 2. Operations Being Submitted

On 8/24/70, Bureau approval was given to mail anonymous letters described in NYlet to Bu, 8/11/70. These mailings were accomplished during a period of 9/7 through 9/14/70.

On 9/14/70, 25 copies of an article appearing in the 8/14/70 issue of "The New York Times" were mailed to select individuals and organizations in the NYC area as so directed by the Bureau in letter dated 9/9/70.

On 10/20/70, Bureau approval was given to a suggestion submitted by NY by airtel on 10/7/70. This suggestion was implemented by the Legat, Paris, as per prior Bureau instructions.

On 10/29/70, NY was authorized to implement a San Francisco counter intelligence proposal set forth in SF airtel dated 10/21/70. This proposal was handled on 10/29/70.

On 11/3/70, the Bureau approved a NY proposal set forth in NY airtel to Bureau dated 10/29/70. The anonymous letters described in the aforementioned airtel were mailed from NYC on 11/30/70.

On 11/20/70, the NYO set out 50 reproductions of a column written by VICTOR RIESEL which was included as an enclosure in Bureau airtel to NY, 11/10/70.

### 3. Tangible Results

Inasmuch as the majority of NY proposals were submitted near the end of the period encompassing this letter it is impractical to attempt to determine the tangible results emanating from the aforementioned proposals.

### 4. Developements of Counter Intelligence Interests

The obvious failure of the BPP to successfully conduct the Revolutionary Peoples Constitutional Convention in Washington, D. C. on 11/27-28/70 as well as their well publicized dispute with the officials of Howard University at Washington, D. C. over the use of the University facilities for the aforementioned convention are examples of the source of future NYO counter intelligence proposals.

The NYO will immediately inform the Bureau of any situations or developments that occur where counter intelligence techniques may be used.

No action will be taken on any counter intelligence proposals without prior Bureau approval.

In connection with the above-captioned program, the following is set forth:

## 1. Operation Under Consideration

Continued contacts with [REDACTED] disclosed that all charges against [REDACTED] had been dropped. However, shortly after these charges had been dismissed, new warrants were issued charging [REDACTED] with three counts of forgery of a stolen credit card. [REDACTED] was released on his own recognizance to his attorney. Pre-trial hearing was held [REDACTED] No trial date has been set.

In addition, investigation by the Phoenix PD disclosed that the stolen credit card owner's name was forged in an effort to purchase gasoline for an automobile in the possession of [REDACTED] but registered to ELIJAH MUHAMMAD.

Phoenix will follow this matter closely in an attempt to develop derogatory publicity and will consider sending ELIJAH MUHAMMAD an anonymous letter regarding this matter. Any action considered by Phoenix will be submitted to the Bureau for approval.

There have been no changes in the Columbia Division since referenced letter.

II. OPERATIONS UNDER CONSIDERATION

It was also set forth in referenced letter that members of the NCCF in Charleston would be checked to determine if any of them were receiving welfare checks; and, if so, authorization would be obtained from the Bureau to attempt to embarrass that group. Investigation determined that no member of the Charleston Group is on welfare.

III. OPERATIONS BEING EFFECTED

Columbia continues to maintain contacts with officials of educational institutions who are established sources and who are in positions of authority concerning student activities.

These officers are extremely valuable contacts and keep the Bureau advised of all activities of militant Black groups on their respective campuses.

The NCCF in Charleston has only five or six members and two of these are informants who furnish excellent information to the Bureau.

Re Bureau airtel to Albany dated 3/4/68, and  
Springfield letter to Bureau dated 8/31/70.

Since the submission of referenced letter, an  
additional individual [REDACTED] has been active in  
racial matters in the East St. Louis, Illinois area; and  
his activities and those of his organization have been the  
objects of vigorous investigation.

Regarding possible counterintelligence operations  
under consideration, the activities of [REDACTED]  
[REDACTED] Black United Front, Cairo, Illinois, and  
Springfield Agitator Index subject, continue to be followed  
closely for any possible counterintelligence action that would  
be feasible and worthwhile.

Since submission of referenced letter, Springfield  
suggested that logical informants contact Black Panther Party  
offices expressing confusion whether they should attend  
11/26/70 Black United Front activities in Cairo, Illinois,  
or the 11/27 - 29/70, Revolutionary Peoples Constitutional  
Convention in Washington, D. C.

This matter continues to be followed closely and at  
such time as effective counterintelligence operations can be

ReHOlet, 8/31/70.

## I. Operations Under Consideration

No specific counterintelligence operation currently being effected against black nationalist elements in the Houston Division.

The main potential problem as regards black nationalist groups in the Houston Division continues to be Peoples Party II (PP II) which was effectively disrupted by the Houston Police Department (NOPD) in July, 1970 and which subsequently has been unable to generate enthusiasm among the black community to reorganize. Several individuals continue to make efforts to organize; however, they have been relatively unsuccessful and the organization continues to exhibit a lack-luster posture and little interest in the black community.

## II. Operations Being Effected

Because of the lack of organizational knowhow, the lack of money and the apparent animosity between various PP II members, the disorientation and state of semi-chaos continues to exist and, with the effective utilization of informants, it is anticipated that the PP II will continue to be neutralized in the Houston area.

## III. Tangible Results

It is felt that due to the actions of the HOPD, their Intelligence Division and informants of the Houston Division, the PP II will never again become a formidable black nationalist group in the Houston area.

IV. Development of Counterintelligence Interest

There has been no outstanding development in the Houston Division of a counterintelligence nature and, with the lack of a significant black nationalist extremist group organizing, it is anticipated that the current pressure being put on the black nationalists by the various law enforcement agencies, including the FBI, there will be no significant black extremist activity in the Houston Division. It is noted that [REDACTED]

[REDACTED] has indicated that he wants nothing to do with the Panthers and will not take orders from them. Apparently [REDACTED]

A power play for leadership of the PP II has lessened in the past, as the organization has no money and few members. Houston anticipates the current situation will continue as far as black extremists are concerned and, barring some significant development which would generate a cohesive black nationalist element, Houston expects that the black extremist situation will continue to be effectively controlled.

RACIAL MATTERS

Re Charlotte letter to Bureau, 8/20/70.

## I. OPERATIONS UNDER CONSIDERATION

At the present time Charlotte has under consideration at the Bureau a proposal for a continuation of the "News of Interest to the Black Citizens of Winston-Salem" newsletter, a series which has been extremely successful in the past against the BPP at Winston-Salem, N. C. This letter attacks the BPP attempting to discredit them in the eyes of the community and thereby decreasing their support on the basis of their failure to pay their bills, pregnancy of the female workers, and failure in the organizing for the Revolutionary People's Constitutional Convention (RPCC). In addition, [REDACTED]

[REDACTED] On a determination of a correct approach, a proposal will be submitted in order to widen this gap.

## II. OPERATIONS BEING EFFECTED

REC 27  
Two newsletters under the guise of the "Committee of Twenty-five" have been submitted. These newsletters, under the guise of a responsible black church-oriented group developed in opposition to the BPP, have attempted to cut off BPP funds and reduce their newspaper sales. In addition, pursuant to Bureau instructions, a letter was prepared and mailed from Winston-Salem, N. C., to [REDACTED] HUEY NEWTON, to assist San Francisco in a counterintelligence operation to plant the seeds of doubt in HUEY NEWTON's mind concerning his status within the BPP.

### III. TANGIBLE RESULTS

In connection with the previously mentioned newsletters which were basically directed to a decrease in the BPP newspaper sales and a decrease in community donations, it is noted that during 8/70 the BPP group was receiving 2,600 copies of the newspaper, however, sales decreased and during 10/70 they were down to receiving 1,500 copies of the newspaper. During 11/70, on three occasions they were unable to purchase their weekly supply. In addition, information was received on [REDACTED]

[REDACTED] indicated the desire to join the "Committee of Twenty-five" and it was suggested to him that he start his own group in opposition to the BPP until such time as he could locate the "Committee of Twenty-five." [REDACTED] had the opinion that the newsletter would sway people who were on the fence in their thinking concerning the BPP into opposition to the Panthers and considered it a good idea to generate resistance.

### IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

Noting that BPP members from Winston-Salem traveled throughout the state advertising for people to attend the RPCC reporting that they would pay all expenses for transportation, meals, etc., this ultimately resulted in the Panthers' transportation being a Hertz Rental truck and private automobiles along with poor food and accommodations at the RPCC which was very disorganized. Charlotte will submit additional counter-intelligence proposals in this regard as the opportunity arises.

Chicago continues to advise local authorities of instances where BPP members appear vulnerable to arrest on local charges.

Information has regularly been disseminated by Chicago to other Bureau offices for local dissemination in instances where Chicago BPP members have traveled elsewhere. Prior knowledge of the presence of BPP members in their areas has been of value in alerting local authorities to the potential for violence that their presence represents.

#### IV. Development of Counterintelligence Interest

There are no current developments concerning the Illinois Chapter of the BPP which would appear to have reasonable potential for counterintelligence activity.

Regarding the remainder of local Black Nationalist groups and individuals, their activity is fragmented and limited. Chicago continues to follow such activity in the event information is developed which would indicate a counterintelligence effort would appear to have reasonable potential.

Re Charlotte airtel to Bureau, 9/25/70.

It is noted that Charlotte has previously received Bureau permission to disseminate two news sheets through the guise of the "S.V.R.P." both of which were critical of the current leadership of the BPP group at Winston-Salem, N. C. Information from sources, the Winston-Salem Police Department, and other contacts in the black community of Winston-Salem indicates that these leaders, particularly when they point out either mistakes or failures, cause the people of the community to cease supporting the BPP group. It is noted that previous counterintelligence letters pointed out the fact that half of each \$.25 paid for a BPP newspaper was forwarded to California and subsequently there has been a drop in newspaper sales from 2,500 to 1,500 per week, and on two occasions the group failed to order newspapers because they did not have money to pay for them. In one of the previous letters [REDACTED] was described as an "avaricious businessman" and this caused the people in the area to laugh at him and his reaction further lost him respect.

Due to the success of the previous letters and the current situation within the BPP nationally concerning the Revolutionary People's Constitutional Convention (RPMC), the following proposed letter is submitted contingent upon the complete cancellation of the RPMC:

"The S.V.R.P. is submitting the following bulletin to let the people of Winston-Salem know the truth about the pretenders on 14th Street who claim to be helping the people:

"Since they won't pay their telephone bill, the company removed the phone. There is no way to contact them in case of an emergency situation.

"We have heard all this talk of the big Revolutionary People's Constitutional Convention which was to be held last weekend in Washington, D. C. Panthers have been all over Winston-Salem and for that matter, North Carolina telling everyone they would pay all expenses for anyone wanting to attend. They are speaking of spending money for buses, trains, food, and rooms, when they are being evicted from their community center on Wilson

"Street for not paying the rent and can't pay their back phone bill. Their national leaders must have the same delusions since the black officials at Washington, D. C., ask for their money in advance for use of Howard University buildings and shortly the convention was cancelled.

[REDACTED] has talked of traveling to Georgia, South Carolina, and Tennessee for the big failure known as the Revolutionary People's Constitutional Convention and attending staff meetings in New York. Maybe a lot of the money meant for the Convention and other things was spent on [REDACTED] and other leaders trying to be the 'Big Nigger.'

"A word of caution! Watch out for your women and money when in the presence of a fool who calls himself a 'Panther.'

"S.V.R.P."

It is hoped that the above will point out the failure locally of the BPP and continue to decrease their community support and finances with the blame being placed on the defunct Southern Vanguard Revolutionary Party (S.V.R.P.)

As in the past, if Bureau authority is received, Charlotte will mail the letter to addresses in the area of the BPP Headquarters, Winston-Salem, N. C. The newsletter will be reproduced on unwatermarked paper and mailed in plain envelopes with stamps affixed.

Re Detroit airtel 11/16/70, setting forth a suggested letter that might be directed to HUEY NEWTON from Berne, Switzerland.

San Francisco is of the opinion that the Detroit letter is well conceived and excellently phrased. San Francisco would offer the following suggestions:

It is the opinion of the office of origin that [REDACTED] has never been in a position to have come in possession of \$100,000 and the letter might possibly be better received if an amount of \$13,000 was mentioned. The attention of Detroit and the Bureau are also directed to the fourth line of paragraph 6 on page 2 "the pigs are vamping on the Panthers". That phrase does not appear to be congruent with the remainder of a letter obviously written by a cultured individual and it is suggested that this vernacular be removed for the same reason San Francisco would suggest that the closing of the letter be reduced to simply "all power to the people".

Reurairtel 11/16/70 transmitting copy of proposed anonymous letter to be sent to Huey P. Newton of the Black Panther Party (BPP).

Although it is realized that careful thought and research has been undertaken on your part in connection with this matter, the Bureau feels that the timing is not right for the submission of this letter. In this connection, an anonymous letter was recently sent from overseas to individuals at the national BPP headquarters and it is felt that the submission of an additional letter would only weaken the effect of the previous letter.

You should continue to give thought to counter-intelligence measures against the BPP, both locally and on a national level, and submit such recommendations for Bureau approval.

Enclosed for the Bureau and for San Francisco are two copies of a letter concerning allegations by anonymous source that [redacted] Black Panther Party (BPP) Chief of Staff, has a secret numbered bank account in Switzerland. It is to be noted that enclosed letter varies from original Detroit suggestion of 9/30/70. Changes brought about because of suggestions contained in San Francisco airtel 10/13/70, which highlighted possible credibility problems contained in original idea.

Further, it is deemed advisable to use the main Ministry of Information address as contained in the BPP newspaper.

Should the enclosed letter be accepted, it will be typed on plain unmarked typing paper using a small portable typewriter. It will be in a double envelope, the inner envelope to be marked "Personal, to be opened by Huey P. Newton or his personal secretary only." Letter and envelope will be free from any Bureau fingerprints and all due security precautions will be taken. Letter will be mailed by Legat, Bern, Switzerland.

Mr. Huey P. Newton  
Minister of Defense,  
Black Panther Party,  
Box 2967  
Custom House,  
San Francisco, California 94126

Dear Mr. Newton:

Please allow me to introduce myself, I am the "Nigger" or the "Uncle Tom" which I read about so frequently in your publication, "The Black Panther."

I regret to admit that I am part of the "establishment". The "establishment" which you hate so much.

Even though I am not one of the Blacks openly working for the revolution, a revolution with all its "up against the wall" elements, I do support you and the revolutionary movement. Even more than the continued repression of the Black people by the white fascists, I am vehemently against the exploitation of Blacks by other Blacks, particularly by those who preach reform, dedication, and revolution.

In this regard, I have come on to some information which I want to call to your attention. Much of what I am going to say will be vague. [REDACTED]

[REDACTED] This is to prevent you from tracing the source of this information, and possibly exposing me. I do not want exposure for even though I hate the white man and his repression of my people, I need him, at least temporarily, for his money and his influence. Further too, it is also quite possible that the situation I am going to relate is being accomplished with your knowledge and approval.

Let me just say that during the past year I have been working at a high echelon level for a federal governmental agency which has been involved in negotiations with a large Swiss banking establishment and their secret numbered accounts. Thrust of these negotiations is to expose for income tax evasion top hoods and gangsters in the United States; to get the mafia.

ENCLOSURE

92

There have been many articles in the "New York Times" concerning this, particularly concerning the efforts of former U.S. Attorney Morgenthau in this area before he was replaced by Nixon.

What the public does not know is that the U.S. Government has been successful with some individual banks in Switzerland in these efforts to get the names of U.S. citizens with secret banking deposits in that country.

In this regard, some time less than one year ago during the course of these dealings, certain numbered accounts were secretly revealed to representatives of the U.S. Government. Because of my position these names came across my desk. Included among the names was [REDACTED] your trusted aide.

Although I am not an activist on the political scene, I do know what is happening and I fully know that [REDACTED]

In any event, less than six months ago I went to Switzerland in my official capacity and as such was in direct negotiation concerning the continued flow of this account information. While in Switzerland, I verified the fact that [REDACTED] does have a secret numbered account with funds of just under \$100,000. [REDACTED]

As I have mentioned previously in this letter, it is quite possible that this storing of funds is being done with your approval. Certainly in light of the current repression, the pigs are vamping on the Panthers, it would be wise to have certain funds beyond their reach. It is also possible that these funds are in fact being transferred to Eldridge Cleaver in Algeria in order to fund the international revolution of repressed people.

Frankly negotiations are not going well concerning the further obtaining of these numbered bank accounts, despite massive political pressures of the U.S. Government. Because of this, I could not determine the number of deposits or the method of deposit.

It should be fairly easy for you to check the truth of this information and a careful accounting of your Party's finances.

I would suggest, however, that you attempt to straighten the matter out if there is an irregularity within the Black Panther Party. I have reason to believe that the U.S. Government, should it be able to independently identify the method of depositing these funds, without compromising the fact that certain Swiss banks are giving out the information, would like to use the information to discredit the Black Panther Party and the revolution.

Regretably, I must remain anonymous, should I be exposed, I would be liable to criminal action from the pigs and my career would be ruined.

I hope that in some small way I have aided the revolution.

It is to be noted that the Revolutionary Peoples Constitutional Convention (RPCC) organized by the Black Panther Party (BPP) is scheduled to be held in Washington, D. C., from 11/27-29/70. It is felt that individuals desirous of attending both the convention and traveling to Cairo would have some difficulty due to the fact that Thanksgiving Day is the day prior to the convention in Washington, D. C.

It is believed by Springfield that telephone calls could be made by appropriate informants of recipient offices to local headquarters of the BPP showing confusion on their part over whether to travel to Cairo in support of [REDACTED] or to travel to Washington, D. C., to attend the RPCC using a lack of funds for not attending both.

[REDACTED] Cairo, is not held in high respect by many individuals active in the black extremist movement and has in the past been referred to by a Chicago BPP leader as a "pork chop". It is believed that these telephone calls could plant further seeds of suspicion in the minds of BPP leaders concerning [REDACTED] loyalty to the black movement in general.

Based upon the above information, Bureau authority is requested to have recipient offices instruct logical informants to contact local offices of the BPP with the hope of discrediting [REDACTED] and creating some dissention between the BPP and the BUF.

ReWFOlet, 10/30/70.

The 63rd Episcopal General Convention held at Houston, Texas, was recently concluded. At the Convention, the controversial program of funding black organizations, which was undertaken by the Episcopal Church three years ago, came under heavy attack by conservative members attending the Convention and resulted in the adoption of several amendments which, if properly exploited, could result in the cut-off of funds to black extremist organizations.

One amendment of particular interest which was passed by the House of Bishops and the House of Deputies gives the Bishop of the Diocese in which a black organization is centered, the power to refuse to allow the National Church to fund a group of which the Bishop disapproves.

In the Washington area, the Center for Black Education (CBE) received \$60,000 and the Drum and Spear Bookstore \$50,000 from the Episcopal Church last year. Both of these organizations would be hard put to operate without these funds and the CBE would be forced to close if their funds were cut off.

Of paramount importance in combating the effectiveness of such groups in the black community is the need to shut off funds and thus dry up the vicious propaganda and white hate programs they are now promulgating.

The following counterintelligence proposal is submitted for consideration: It is recommended that a letter be sent with a Jersey City, N. J., postmark to [REDACTED] and the Newark, N. J., newspapers. Consideration might also be given to wider distribution. It should be signed "Ministry of Information, BPP, Jersey City, N. J."

The letter should read similarly to the following:

[REDACTED] is TOM pig pretending to be a true black revolutionary. He ask people not to buy the Black Panther Newspaper because he want the people's money for himself. [REDACTED] uses the people's liberation soul power to line his pockets. His heavies threaten Panthers selling papers and people trying to buy them.

"Now [REDACTED] tries to put himself on a throne, like maybe you saw [REDACTED]. He fancies himself the reason [REDACTED] have visions of his throne in Newark, then the whole country, then the world.

Reurlet 11/13/70.

Authorization of your proposal in relet is denied. Any such complaint as contained in your proposed anonymous letter would almost without exception be expected to come from the Nation of Islam (NOI) [REDACTED] and [REDACTED] would be aware of this. This would immediately indicate to [REDACTED] that the letter is a hoax and one more incident in a series of harassments directed at him thus minimizing the effect.

It is suggested that you consider directing a letter to NOI headquarters in Chicago, Illinois, either anonymously or with a fictitious name, complaining that the Black Panther newspaper is being sold in conjunction with the NOI newspaper in Richmond. It can be indicated in this letter that the writer considers the selling of the two papers to be a joint venture and the writer objects to the take-over of the NOI by the Panthers since what he has learned about the NOI does not indicate that the Panthers have anything to offer the NOI.

It appears that a letter written in this vein would have more and wider counterintelligence impact than that proposed in relet.

Submit your observations and your proposed letter for authorization if deemed feasible.

NOTE:

The papers of the NOI have been sold for years in downtown Richmond. With the recent organization of a National Committee to Combat Fascism (NCCF) Chapter (Black Panther Party affiliate) in Richmond the NCCF has started selling Black Panther papers in the same area. Those selling each paper have exchanged views. Richmond recommended an anonymous letter from an NOI member to the [REDACTED] complaining about the Panthers cutting in on the NOI paper sales.

ReRMlet to Bureau, 9/3/70.

Referenced letter sets forth information concerning anonymous telephone calls attributed to [REDACTED] who is in charge of [REDACTED]. To date, Richmond has not found any significant counterintelligence proposals related to the aforementioned telephone call.

However, the following is being suggested as a counterintelligence proposal concerning the NCCF group being organized in Richmond and Muhammad's Mosque #24 of the Nation of Islam in Richmond, Virginia.

[REDACTED] and by virtue of this past affiliation he is known to members of MM #24. Members of MM #24 have, for a number of years, sold issues of "Muhammad Speaks" in the downtown area of Broad Street, Richmond, Virginia. As part of the NCCF organizational effort in Richmond, several individuals involved with NCCF activities have recently begun selling issues of "The Black Panther" in the same downtown area of Broad Street. On the last occasion, within the last two weeks, individuals selling "Muhammad Speaks" and other individuals selling "The Black Panther" exchanged views concerning the respective ideologies.

With the foregoing in mind, Richmond believes that an anonymous letter worded in such a way as to make it obvious that the letter emanated from NOI ranks could be directed to [REDACTED]. The letter would center on the sale of BPP papers cutting into the sale of "Muhammad Speaks" newspaper. This letter may cause these respective groups to direct their hatred toward one another.

The proposed letter could read as follows:

"Dear Brother [REDACTED]

As-Salaam-Alaikum:

You boys is sellin panthre papers on Broad Street and there cuttin in to our territory and hurtin our selin papers. Them black panthres got the rong ideas any way. You should no better. You cant deel with this devil."

The above letter could obviously be the basis for future counterintelligence letters attributed to [REDACTED] and the NCCF group, directed to the MM #24 and vice versa.

Richmond - will take no action on this suggestion until specifically authorized to do so by the Bureau.

The following counterintelligence proposal is submitted for consideration.

It is proposed that a telegram be sent from Oakland, California to the Jersey City, NJ, BPP Headquarters, 93 Summit Ave., (and to all BPP Headquarters). The text of the telegram should read similar to the following:

"Word received food donated to Party by anti-Liberation white pigs contains poison. Symptoms cramps, diarrhea, severe stomach pain. Destroy all food donated for convention suspected of poison, however, still required you meet quota."

"Ministry of Information"

It is suggested that the Bureau then consider having the Laboratory treat fruit such as oranges with a mild laxative-type drug by hypodermic needle or other appropriate method, and ship fruit as a donation from a fictitious person in Miami, Florida, to Jersey City headquarters.

This plan will at first cause confusion and suspicion within the BPP and will cause a time-consuming search for the sender of the telegram. Even after Oakland denies sending the telegram, some BPP members will fear poisoning by donated food and the Jersey City Headquarters will be hardpressed to make sure donated food is not poisoned. When some Jersey City members react to the laxative and suspect poisoning, Oakland will suspect that someone at Jersey City is a spy since obviously some foreknowledge of the event was present at Jersey City but not at Oakland. Confusion, intra-BPP distrust and hunger at the upcoming convention would be the results. It is noted the Jersey City Headquarters has been given some responsibility for food collection in connection with the convention.

Such information under the Counterintelligence Program was made available and television station WCKT-TV prepared in two segments of approximately 7 minutes each a film depicting the activities of this organization in Belle Glade, Fla., with particular emphasis on the alleged extortion and fire bombings perpetrated by members of this organization.

These two segments were aired by WCKT-TV on two consecutive evenings during the regular news program. WCKT-TV is viewed from West Palm Beach, Fla., to the Florida Keys.

The first segment of the program emphasized interviews with members of COBY and other black citizens of Belle Glade, Fla., setting forth their complaints.

Re Newark suggestion for the use of Skatole on "The Black Panther".

For the information of Newark, San Francisco has previously pointed out that use of this substance in the plant where the paper is printed would only result in the work being taken to another printing plant. 

The only other place where this office could pursue such a project would be at the airlines freight terminals at San Francisco International Airport. Here again the airlines would have to reimburse the BPP for any loss they would suffer. This office has surveilled the transfer of papers from National Distribution to San Francisco Airport and has ascertained that the papers are moved in a covered van with the back door closed. Inside the freight compartment of the truck there are always several BPP members.

Suggest no action be taken on this matter.

BLACK PANTHER PARTY (BPP)  
RACIAL MATTERS

Re Bureau airtel, 5/15/70.

Newark submits the following as possible measure  
to disrupt distribution of BPP newspaper.

In the light of known BPP procedures at San Francisco re handling and bundling of the paper prior to shipment to local chapters, an opportunity might arise to spray the papers with a chemical known as Skatole, (C<sub>9</sub> H<sub>9</sub> N). A very small amount of this chemical disburse a most offensive odor on the object sprayed and its potency is such that a large amount of papers could be so treated in a matter of seconds. It could be prepared by the FBI Laboratory for use in a small aerosol type dispenser.

It is believed that this measure was previously considered as a move to affect distribution of "The Worker", but it is Newark's understanding that it was considered inadvisable at that time. Inasmuch as Newark does not have specific information re reasons its use was not approved, it is suggested the Bureau review previous use against "The Worker" for background in this matter.

To endorse recommendation of field racial supervisors, who attended specialized conference at Bureau on 10/22-23/70, that the field be advised on a regular basis of new techniques utilized and successes achieved in our Counterintelligence Program directed toward black extremists and that the title of communications prepared regarding such Counterintelligence Program be abbreviated.

Our experience over the past year and the growth of our knowledge regarding black extremist activities have resulted in utilization of increasing number of sophisticated techniques, some of which have involved a number of our field offices and occasionally Legal Attaches in Canada and Europe. Among highly successful tangible results realized during the past year, as a result of this program, were the disbandment of a Black Panther Party (BPP) front group in Cleveland, Mississippi; the transfer of an energetic organizer and key leader of New Haven BPP chapter to a less influential post in North Carolina; and the complete disruption of a planned conference of the violence-prone Republic of New Africa in Jackson, Mississippi.

Field supervisors felt discussion at the conference of counterintelligence techniques and successes materially benefited them and for this reason recommended the field be

furnished similar information on regular basis. This suggestion should materially stimulate ingenuity and illustrate to field the significant results which can be realized through an imaginative, dynamic but Bureau-controlled program. For these reasons, it is felt this recommendation should be implemented.

The currently used caption for Counterintelligence Program relating to black extremists, set forth as second caption in instant memorandum, is lengthy and cumbersome. For these reasons, field supervisors recommended it be abbreviated. Recommended field be instructed to henceforth utilize the caption "COINTELPRO - Black Extremists - Racial Matters" in place of the present caption. Records Branch, Files and Communications Division, has advised this caption is not otherwise being utilized. Adoption of this abbreviated caption also has advantage of affording additional security to this program.

ACTION:

1. That the field be advised on regular basis of new techniques utilized and successes achieved.
2. If approved, attached letter will be sent to 42 field offices participating in above Counterintelligence Program with instructions to utilize above abbreviated caption.

Portion of column deals with proposal that union members refuse to handle shipments of BPP newspapers. Obviously if such a boycott gains national support it will result in effectively cutting off BPP propaganda and finances; therefore, it is most desirable this proposal be brought to attention of members and officials of unions such as Teamsters and others involved in handling of shipments of BPP newspapers. These shipments are generally by air freight. The column also deals with repeated calls for murder of police that appear in BPP paper; therefore, it would also be desirable to bring boycott proposal to attention of members and officials of police associations who might be in position to encourage boycott.

Each office anonymously mail copies of enclosed to officials of appropriate unions, police organizations or other individuals within its territory who could encourage such a boycott. Use commercially purchased envelopes and take appropriate measures to insure mailing cannot be traced to Bureau. Make no dissemination of this column other than anonymously.

Handle promptly and advise Bureau of any positive results noted. Any publicity observed concerning proposed boycott should be brought to attention of Bureau.

Be alert for any other opportunities to further exploit this proposal. Submit any suggestions to Bureau for approval prior to taking action.

NOTE:

By memorandum G. C. Moore to C. D. Brennan, 10-28-70, captioned "Racial Conference, October 22-23, 1970, Recommendation for Counterintelligence Action Against Black Panther Party" the reproduction and anonymous mailing of attached column was approved.

## INSIDE LABOR

### Panthers Urge More Cop Killings

By VICTOR RIESEL

WASHINGTON—There is an amateurish impression that the Black Panther Party (BPP) needs the rickety American Communist Party as a crutch and cash box. The reverse is true. The "C.P. - USA" is feeding off the black revolutionists for their desperate want of any other racial base — especially among the youth.

RIESEL

So unique are the Panthers as a guerrilla strike force, they've been sought out by the Maoist Peking Central Committee as "equal brothers" and the Chinese Communists "American Section". There is, in fact, a Black Panther subsidiary international, launched recently in Pyongyang, Northern Korea, dubbed the New World Liberation Front. It is the Maoist avant-garde in the U.S. and can easily be controlled because it has but 750 hard core members in 27 active chapters—down from the original 41 chapters, many of which were wiped out when the party's central committee in Oakland discovered the "organization" had been infiltrated.

Thus, the black strike force can be easily financed, controlled, directed and purged at will—though the thousands of sympathizers are less disciplined and get themselves caught up in the killer rhetoric.

THE SYMPATHIZERS get on the hook, like an addict to

a needle, by taking the Black Panther, official party publication. Trouble with the "outside" world is few ever bother to read it and thus can't understand its deadly impact.

As recently as Nov. 22, 1969, Panther leader Eldridge Cleaver, now setting up a BPP embassy in Algiers, is quoted as saying, "... we will kill Richard Nixon. . . ." Mr. Cleaver is—officially—Minister of Information.

There have been vicious anti-Semitic attacks. There have been gay and ghoulishly gloating reports of the killing of police. As, for example the shooting of a Cleveland cop. The Oct. 3, 1970, issue of the Panther newspaper says: "... one pig dead, one pig wounded at the hands of the Lumpen." Meaning the lumpenproletariat, an old Leninist word.

So the people now are the "lumpen" in the new uptight guerrilla community.

This cop was shot when he rushed to help his partner — who had been hit by bullets in the mouth, chest and groin. The rescuer was thrown into the gutter. Then, says the Panther newspaper, "after a scuffle with this pig, the lumpen (in the correct manner) knocked the pig down, took his gun and fired into the pig, bang, bang, dead pig!"

Each week there are cartoons, such as the one showing a worker with three sticks of dynamite in one pocket, a shovel in his right hand and an old-fashioned "Colt" in the other. Or there is a drawing of a man about to hit a cop over the head with an axe. The patrolman has his back to the assailant. Little of this goes

unobserved by big city police — especially such as those in Los Angeles or New York City (where the 25,000-member police union, Patrolmen's Benevolent Association, has learned that new Panther literature soon will be flooding streets under the swinging title of "Pigs Today, Bacon Tomorrow").

Well, cops are brothers, be they black or white. And their brothers are Teamsters, construction workers as well as doctors, university people and bricklayers.

And each week, brothers of brothers are assailed by 180,000 copies of the Panther newspaper—"assailed" being a euphemism for outright calls for their murder.

Late this summer some West Coast authorities were approached by a brother of brothers. He was—and is—a black union Teamster. He had with him some of the Panther material being distributed in his community. This black teamster was tough—and militant—but the "literature" was not his thing.

The authorities listened, and in turn pulled out sheafs of editions of "The Black Panther." They leafed through pages of vituperation, threats to national authorities, happy reports of police killings and the ubiquitous cartoons. They read the rules, one of which prohibits a Panther from joining any "other armed force other than the Black Liberation Army."

They read attacks on labor and urgings by the Panthers that unions be seized and used for revolutionary action.

The Teamster asked how the 180,000 copies were distributed

to and inside the nation's major cities — since at 25 cents apiece 180,000 sales weekly can develop quite an income. The Teamster, an air freight handler, was told much of the distribution was by air.

HE RECALLED reading reports on the East Coast International Longshoremen's Association (AFL-CIO) boycotting the Soviet merchant and passenger ships for some 2 years. So he returned to his fellow unionists with the suggestion they refuse to handle or help airlift the Panther newspaper.

The boycott may or may not come off. It may turn out to be little more than a one-man counter-revolution. That's not as important as the fact that some men of the "outside world" have read the Panther strike force agitational material. Those who have not haven't the slightest conception of Pantherism. More the pity. The Panthers print right out in the open. Not even in the days of ancient anarchy-syndicalism has there been such tough talk, such blunt calls for blood and killings as in the Panther literature. It's Maoist all the way.

I write this with restraint. Some of the provocative quotes are unprintable anywhere but in some underground press. But the same restraint will not be shown sooner or later by those whose brothers are killed on the streets protecting others.

At least let reason prevail among the public, regardless of race, color or creed. At least let the public be aware of the force striking from within.

## BLACK PANTHERS AND REVOLUTION

By George Putnam  
October 7, 1970

It is this reporter's opinion that the black extremist organization, known as the Black Panther Party, is now spreading its hoodlum type revolutionary activity to the point where it must be considered to be a serious threat to the international security of our nation.

Originating in 1966 in Oakland, California, it expanded its activities all across the country, forming nearly forty chapters. And then, following a purge of its members, it deliberately reduced its chapters to approximately thirty.

But again, it is steadily growing. Its hard core guerrilla type members, with thousands of supporters, are now concentrated in the major urban areas of this nation.

The Black Panther Party has as its immediate target, law enforcement in America. The Black Panther now shouts openly, "Kill the police!" Black Panther publications abound with cartoons encouraging physical attacks on police, depicted as pigs. Youngsters in the Panther schools do their exercises as they chant, "There is a pig upon the hill--if you don't kill him, the Panthers will."

According to J. Edgar Hoover, Chief of the FBI, testifying March fifth of this year, "These are not idle catchwords, because the Panthers mean business--revolutionary business.

"Police have been lured into ambush by Panthers carrying out cold blooded assassination plots. Negro and white police are treated alike, because the Panthers make no distinction between the black and the white policemen." Mr. Hoover continues, "The Panthers' ferocious attacks on law enforcement officers are understandable, since it is the police that stand between them and their attempts to rule by terror."

ENCLOSURE

133

But the attacks are not limited to the police. While falsely claiming their intent to protect the black community, the Black Panthers have assaulted and threatened Negro citizens who have tried to assist the police. Neighborhood stores are forced to contribute food supplies and money--blackmail, under threat of Panther violence.

During 1969, 348 Black Panther Party members were arrested for serious crimes that include murder, armed robbery, rape, bank robbery and burglary. Among the Black Panther leaders arrested for violation of federal and local law are:

Huey Newton, for killing a police officer.

Eldridge Cleaver, on charges stemming from a gun battle between Black Panthers and the Oakland police.

Bobby Seale, on charges growing out of activities during the Democratic National Convention in 1968--and later in connection with the alleged Black Panther Party murder of a Black Panther suspected of cooperating with police.

David Hilliard, charged with making a public threat against the President, November fifteenth of 1969. And on that occasion, Hilliard stated, "We will kill Richard Nixon, or anyone else who stands in the way."

It is documented that in raids and arrests at Panther offices over the past two years, authorities have uncovered 125 machine guns, sawed-off shotguns, rifles, hand grenades, thousands of rounds of ammunition, molotov cocktails, homemade bombs, gunpowder, bayonettes, swords, and machetes.

An edition of the BLACK PANTHER, the official newspaper, cautions Panthers against the use of small caliber weapons, and recommends instead, a high powered rifle with enough killing force to "knock the pig out of his shoes" at a distance of three or more blocks. And the BLACK PANTHER article concludes with the statement, "The only good pig is a dead pig."

134

But now the Black Panthers, who have proclaimed their revolutionary intentions, have called for assassination of the President and called for overthrow of the government, are moving internationally and aligning themselves ever more closely with such organizations as Al Fatah, the Palestinian guerrilla organization. And according to a House Committee investigator, the Black Panther ties with Al Fatah have now gone beyond talking stage. The Panthers are reaching out more and more for support and assistance to anti-U.S. forces overseas.

The Black Panther Party is fast becoming a desperate force to be reckoned with, internally and externally. And it is well to note that Black Panther Party speakers made 189 appearances at secondary schools, at colleges and universities within the United States during 1969. And for these appearances, in which they have told our students the ways in which they plan to bring down our government and bring down our way of life--destroy us--for these appearances, they were paid up to nineteen hundred dollars, plus transportation, for each such appearance.

It is this reporter's opinion that we are subsidizing our own destruction if we allow this to continue.

This describes recent television editorial critical of the Black Panther Party (BPP) presented by [REDACTED] Los Angeles. COINTELPRO is recently approved abbreviation for Counterintelligence Program.

As part of Bureau program, [REDACTED] was suggested by Los Angeles Division as source in television and/or radio field who might be interested in preparing a counterintelligence-type program on Black Panthers. Contact of him for this purpose was approved and he subsequently expressed his willingness to present the true facts about BPP. *5- [REDACTED]*

[REDACTED] has furnished a copy of an editorial entitled "Black Panthers and Revolution," which he presented on his televised newscast on 10/7/70. [REDACTED] prefaces his editorial with the opinion that spread of Panther hoodlum-type revolutionary activity must be considered a serious national security threat with law enforcement as its immediate target. He then refers to the Director's comprehensive testimony on the BPP before the House Subcommittee on Appropriations on 3/5/70 and using that excellent guideline almost exclusively, he presents the revolutionary and terroristic threat represented by the BPP and its leaders. He concludes with the opinion that "we are subsidizing our own destruction if we allow this to continue." A copy of the Director's testimony had been furnished to [REDACTED]

BPP leaders have indicated their annoyance and upset at [REDACTED] who mishandled a New York City press conference upon the group's return to the publicity-wise detriment of BPP. San Francisco and Los Angeles were requested to submit proposals under captioned program to capitalize on this upset. Bureau has already approved a suggestion by San Francisco concerning a note to BPP leader Huey Newton complaining of oversight of BPP in relation to described delegation. San Francisco is origin in Newton and national Black Panther Party case. Its observations and recommendations should be obtained concerning Los Angeles suggestion to assure maximum counterintelligence yield.

ReBuairtel to Los Angeles, 10/13/70, entitled  
"COUNTERINTELLIGENCE PROGRAM, BLACK NATIONALIST HATE GROUPS,  
RACIAL INTELLIGENCE - BLACK PANTHER PARTY (BPP); COUNTERINTELLIGENCE  
PROGRAM, NEW LEFT, SECURITY MATTERS".

Regarding the dissension which arose following the  
New York press conference held 9/16/70 heralding the return of  
BPP Minister of Information ELDRIDGE CLEAVER's delegation to  
North Vietnam, it is proposed that the following letter be  
sent to HUEY NEWTON, BPP supreme commander, on plain paper  
from a fictitious person with return Post Office Box in Los  
Angeles:

Dear Brother Newton,

Though I do not number myself amongst your  
membership, I am compelled to convey to you my  
feelings as a black man who has waited 200 years  
to stand straight and lift up my eyes from the  
ground. As you are aware, there is a substantial  
segment of the black population in the United States  
that, from the sidelines, watches the actions of you

and your comrades. You are proud and you are strong, but you are not the first of our people to pick up our fallen flag and continue the struggle. Proceeding you have been both wise men and fools, both men whose hearts cried out for justice and those whose sole intention was to line their pockets with treasure, and we on the side-line are unsure of what stripe history is destined to paint your effort. You and your rhetoricians may elect to brand our reservation and wariness as "Uncle Tomish" or even counter-revolutionary, but the proper leadership of our movement is critical and it will not be entrusted to foolish adventurers whose true satisfaction came not from freeing their people but from tasting of the white woman and being lifted by the mindless praise of masochistic Jews who hate themselves with the same intensity we have hated ourselves.

Though I regretted the lack of opportunity to speak to you on the occasion I wish to mention perhaps the future will provide the same. I would be interested in your personal reaction to my comments though, because your representatives here in Los Angeles display an intolerable lack of ability to deal with our destiny and would, therefore, be unacceptable respondents. Like the majority on the sidelines, I do not consider this matter of my manhood lightly and do not propose to publicly surface if to deal with the caliber of your current Los Angeles leadership.

To the point of my writing, on September 16, 1970, I was departing Kennedy Airport in New York from a business trip and heard of an impending press conference regarding the return of a peace group from travel to North Vietnam. I attended, but the result did not help me stand straight or lift my eyes from the ground. Why was that self-serving honky dog [REDACTED] allowed to dominate the proceeding, totally ignore you, and deny the Panther Party an excellent opportunity for potentially favorable publicity. It appeared that the Panthers were, like so many black leaders and groups in this country,

L 157-4054

spineless puppets of white liberals and you and [REDACTED] stood there quietly with your eyes on the floor, hats in your hands, and acted like plantation Niggers. When will we stop acting like Niggers and rid our ranks of the Scheers in this country!

Performances like that do nothing to commit us to your leadership or program but only encourages us to again sit quietly and wait. You have displayed the potential but are you capable of coping with the responsibility?

Sincerely yours,

(fictitious signature)

It is further proposed that a similar letter, altered to criticize Huey Newton's lack of aggressiveness to the aforementioned press conference, be sent to Eldridge Cleaver.

As is apparent, it would be hoped that a possible correspondence could be developed between Newton and the fictitious writer.

No additional action on this proposal will be undertaken without Bureau approval.

[REDACTED] would also be made aware of the involvement of Drum and Spear Bookstore affiliates in the Pan African movement and the use of bookstore funds for extensive trips to various African countries.

Finally, it is believed that the Bishop should be made aware in a general way of certain facts in the RALPH EDWARD FEATHERSTONE case which clearly show that FEATHERSTONE, a former member of the Board of Directors of the Drum and Spear Bookstore, was transporting a bomb in a car driven by FEATHERSTONE at the time of his death near Bel Air, Maryland, 3/9/70, thereby, exposing and exploiting the penchants for violence prevalent in affiliates of the Drum and Spear Bookstore.

On the afternoon of September 1970, George Ware was playing pool at Fuller Recreation at 927 Solano Avenue. He got into a struggle with two brothers whom he hit with the heavy end of a pool cue. The police were called but they were so busy occupying other areas of the city that Sergeant Ronald M. Roegner, a 32-year old White racist, had to respond alone. This scared pig arrived at the Black owned pool hall and observed George sitting outside with his head down, holding the pool cue vertically. When asked by the pig to drop the stick, George said no. Pig Roegner advanced to take the stick and George tried to defend himself from this pig expression by swinging the stick from left to right. Scared and trigger-mad Roegner drew his .35 caliber service revolver and shot force through his thigh but this is not enough. Seeing the rage and shock in George's face as he stumbled forward with the cue stick striking Roegner on the shoulder - Roegner emptied his gun, two bullets hitting George in the chest and one in the groin; George was dead before arrival at Vallejo General Hospital.

city, management and activity against blacks. The police have the full support of the racist city officials in this military town adjacent to Mare Island Naval Base.

George's mother, Mrs. Mary Ware, a resident of San Francisco, learned of her son's murder by listening to the radio news the following day even though Vallejo pigs came to San Francisco directly following the killing. But they came only to look into George's criminal record, which included theft, resisting arrest and intoxication, to play-up in the racist Vallejo Times Herald newspaper to make Pig Roegner seem worthy of his criminal act in the eyes of the people. But the people are hip to that old trick.

When Mrs. Ware went to Vallejo to find out about how her son was killed, she was confronted with another racist, Detective Sgt. Jack D. Monahan, who is supposed to be handling the case. He told her that George had 1.07 alcohol in his blood (about a half a glass of wine) but "everything else was confidential" and this was the extent of his report.

The police and the city of Vallejo sent Mrs. Ware the ambulance bill that carried her dead

body, report from the city of Vallejo. The city is hoping this will all blow over and nothing more will be said.

We can no longer stand by and allow the pig police to murder our people. As long as we are unarmed, we are subject to murder and brutality at the hands of the pig.

We will be having a community meeting on Saturday, October 17, 1970, at 3 p.m., 1513 Fillmore, W. B. C. We will also deal with Mr. and Mrs. Wilson whose five year old daughter was strangled and beaten by a White mental patient and Kaiser Hospital who refused to treat her (as reported in the Black Panther, Black Community News Service, on Sept. 12, 1970).

in Indochina. "commitment" in Indochina.

In response to Hoover's attack on our constitutional rights, we declare our intention to redouble our efforts to mobilize millions in the streets to force the Administration to end the war in Indochina now.

Hoover claims to be directing his remarks only against "extremists." But the American people know from bitter experience that such McCarthyite red baiting attacks are really nothing but a smokescreen for attacks on the democratic rights of all citizens of unions, of Blacks, Chicanos and other oppressed minorities, of women, and of all groups who need to utilize their constitutional rights to fight for their rightful place in American society. And the American people are also painfully aware that the "extremists" in this society are not those who fight to have our men brought home from Southeast Asia now, but those like Mr. Hoover who force hundreds of thousands of men, against their will, to kill and die in a war which is in the interest of neither the Vietnamese people nor the American

ing numbers until every last one is WITHDRAWN FROM Indochina.

In his remarks Mr. Hoover expresses concern about the widespread "disrespect" for universities, "law enforcement agencies" and other institutions. We would point out that if students are disillusioned with the universities it

is because the universities have too long sanctioned ROTC, war research and discrimination against minority students. If Americans have lost respect for the police and National Guard it is because these agencies have been used to murder students at Kent State and Jackson State.

have been used to break strikes and occupy ghettos in cities after cities. The violence and repression perpetrated by Hoover and the forces he represents is the real "extremism" in America and if Hoover is really concerned with "disrespect" for authority, he should realize that the "problem" will not go away until he and Nixon and Acheson put an end to their attacks on the rights of the American people and until all the troops are brought home from Indochina.

Pig Rechner advanced to the stick and George tried to defend himself from this action by swinging the stick to the right, scored and tried to Rechner drew his .38

service revolver and shot through his right leg this evening. Seeing the rage in George's face as he was forward with the stick, Rechner on the shoulder

Realizing that this murder was cold blooded and unjustifiable, the Vallejo police quickly interrogated the brothers at the scene to get a confirmation of Pig Rechner's account saying that Rechner had no alternative but to fire (4) .38 caliber bullets at close range into a Black mental patient with a stick or else be killed or badly injured himself.

This is another example of the total disregard that the pigs have for our people. Vallejo pig police are well known for their corruption, harassment and brutality against Blacks. The police have the full support of the racist city officials in this military town adjacent to Mare Island Naval Base.

George's mother, Mrs. Mary Ware, a resident of San Francisco, learned of her son's murder by listening to the radio news the following day even though Vallejo pigs came to San Francisco directly following the killing. But they came only to look into George's criminal record, which included theft, resisting arrest and intoxication, to play-up in the racist Vallejo Times Herald newspaper to make Pig Rechner seem worthy of his criminal act in the eyes of the people. But the people are hip to that old trick.

When Mrs. Ware went to Vallejo to find out about how her son was killed, she was confronted with another racist, Detective Sgt. Jack D. Mulanax, who is supposed to be handling the case. He told her that George had 1.07 alcohol in his blood (about a half a glass of wine) but "everything else was confidential" and this was the extent of his report.

The police and the city of Vallejo sent Mrs. Ware the same bill that carried her dead

son and a bill for the rent at the board and care home which offers no care and supervision for its mental patients. The Vallejo pig police have held no inquest or hearing. The people from the Black community who tried to bring this issue to the racist city council have been repressed in their efforts and told that "it is a court case--not to be discussed here," yet no charges have been brought against the murderer, Sgt. Rechner. Mrs. Ware can't get the autopsy report from the city of Vallejo. The city is hoping this will all blow over and nothing more will be said.

We can no longer stand by and allow the pig police to murder our people. As long as we are unarmed, we are subject to murder and brutality at the hands of the pig.

Many individuals and organizations in San Francisco are concerned with the struggle Mrs. Ware will have to wage against the city of Vallejo. We will be having a community meeting on Saturday, October 17, 1970, at 3 p.m., 1313 Fillmore, W. P. U.C. We will also deal with Mr. and Mrs. Wilson whose five year old daughter was stomped and beaten by a White mental patient and Kaiser Hospital who refused to treat her (as reported in the Black Panther, Black Community News Service, on Sept. 12, 1970).

# NATION'S LARGEST STUDENT ANTI-WAR GROUP ASSAILS J. EDGAR HOOVER'S OPEN LETTER TO COLLEGE STUDENTS

The Student Mobilization Committee to End the War in Vietnam condemns J. Edgar Hoover's "Open letter to College Students" as a blatant attempt to stifle free speech and opposition to the war in Southeast Asia. Although couched in supposed recognition of the right to "legitimate" dissent, Hoover's letter is clearly aimed at the millions of Americans who have united in massive, peaceful protests in the streets against Nixon's criminal "commitment" in Indochina.

In response to Hoover's attack on our constitutional rights, we declare our intention to redouble our efforts to mobilize millions in the streets to force the Administration to end the war in Indochina now.

Hoover claims to be directing his remarks only against "extremists." But the American people know from bitter experience that such McCarthyite red-baiting attacks are really nothing but a smokescreen for attacks on the democratic rights of all citizens of unions, of Blacks, Chicanos and other oppressed minorities, of women, and of all groups who need to utilize their constitutional rights to fight for their rightful place in American society. And the American people are also painfully aware that the "extremists" in this society are not those who fight to have our men brought home from Southeast Asia now, but those like Mr. Hoover who force hundreds of thousands of men, against their will, to kill and die in a war which is in the interest of neither the Vietnamese people nor the American

people; those who sanction the My Lai and the Tiger Cage; those who would turn millions of Vietnamese into refugees in order to "save the world from communism." The simple truth is that the American people know all too well without J. Edgar Hoover's advice who the "extremists" in America are, and that is exactly why they, and we, have taken to the streets in the first place and will be in the streets in ever-increasing numbers until every last G.I. IS WITHDRAWN FROM INDOCHINA.

In his remarks Mr. Hoover expresses concern about the widespread "disrespect" for universities, "law enforcement agencies" and other institutions. We would point out that if students are disillusioned with the universities it

is because the universities have too long sanctioned ROTC, war research and discrimination against minority students. If Americans have lost respect for the police and National Guard it is because these agencies have been used to murder students at Kent State and Jackson State; they

have been used to break strikes and occupy ghettos in city after city. The violence and repression perpetrated by Hoover and the forces he represents is the real "extremism" in America and if Hoover is really concerned with "disrespect" for authority, he should realize that the "problem" will not be solved until we and Nixon and America stand to their attacks on the rights of the American people and end all the wars, the police state and the military-industrial complex.

DONATIONS SHOULD BE SENT TO:

# NATIONAL GUARD ARMORY BOMBED, HEROES SUCCESSFULLY ESCAPE

the weapons of the pig army, M-1 rifles, .45 caliber pistols and .30 caliber sniper carbines, but were not able to do so. The act was accomplished in one fast motion, and the heroes escaped capture and one week later, "law enforcement officials" are still scratching their heads in wonderment.

And although the weapons, themselves, tools of our liberation were not liberated from the oppressor, the success of this action cannot be denied.

As has been the case in liberation movements all over the world, the guns and arms made by and for the oppressor eventually end up in the hands of the oppressed. More important, the unknown people who accomplished this act, obtained hundreds of rounds of desperately needed ammunition. Again, past experiences has shown that while the guns themselves can be obtained in ample supply, the ammunition, the bullets, that actually inflicts death upon our enemy, becomes very scarce. One of the necessities of our struggle is our ability to liberate, stockpile, and then accurately use the ammunition of

As for the military personnel records, they can obviously be put to good use. Our oppressors must be harassed and intimidated day and night. They must not sleep, nor rest, these are the devils who plot the genocide of Black people. The National Guard Armory in the small town of Newburyport, like other small time towns surrounding the Black colony in Boston is designed to be used against us in the fascist genocidal plot devised by the treacherous minds of the Nixon-Agnew-Mitchell clique. It is to be carried out by those men whose names and addresses are now in the hands of the people. Unknown members of the fascist majority now appear before the people's tribunal and will be judged according to their actions.

This action is just one of many blows which will be dealt out to the oppressor. If this action was intended to help and serve the people, we welcome their help to our ~~just~~ liberation struggle against the Babylonian Empire.

Newburyport, Mass. is a small residential New England town basically composed of people from the White working class. Until last Saturday, September 19, Newburyport's only claim to fame was that it is one of many small towns surrounding Boston which are strongholds for groups like the Minutemen and other right-wing fascist reactionaries. Last Saturday, however, at 6:00 a.m. in the morning a National Guard Armory was bombed, hundreds of rounds of ammunition ripped off, military records taken and to top it they left the scene in a one ton pickup truck. Then the bomb.

SUBJECT: RACIAL CONFERENCE, OCTOBER 22-23, 1970,  
RECOMMENDATION FOR COUNTERINTELLIGENCE PROGRAM  
ACTION AGAINST BLACK PANTHER PARTY 1 - Mr. H. E. Helgeson

BLACK PANTHER PARTY - HATE GROUPS

To secure approval for anonymous mailing of reproduction of newspaper column critical of Black Panther Party (BPP).

Victor Riesel, noted labor columnist, recently authored a column highly critical of the BPP which exposed their viciousness including cold-blooded attacks on police. It points out the repeated calls for murder of police that appear in the Panther newspaper. The column also tells of a proposal by a union member that union affiliated freight handlers refuse to handle the shipment of the BPP newspaper.

At the recently concluded conference of field supervisors handling BPP matters it was unanimously recommended that this column be reproduced and anonymously mailed to select officials of the unions involved in handling shipments of BPP newspapers as well as selected officials and members of police fraternal organizations who might be in a position to encourage such a boycott.

This recommendation has excellent merit. Riesel's column is outstanding and it provides us with an ideal opportunity to bring the vicious character of the BPP to the attention of many officials of unions who are in a position to give impetus to the suggested boycott of the handling of BPP papers. Such a boycott, if realized, would be a most effective means to cut off BPP finances and propaganda.

The anonymous mailing of the reproduced column will be done from various field offices and can be handled with full security without embarrassment to the Bureau.

card reveals a drawing of the fully opened mouth of a panther. Chicago recommended Bureau consider possibility of duplicating this card by adding "the Black Panther" across top of card and replacing the inside folded sheet with a yellow-colored drawing of a kitten. No apparent tangible results would be accomplished through adoption of this recommendation. If proposed card was mailed to BPP group, it is conceivable group could engage in violence in effort to refute this indication of cowardice.

It is suggested that the Bureau consider the possibility of duplicating this card with the addition of the statement "The Black Panther" printed across the top of the cover sheet and replacing the inside fold sheet with a yellow colored drawing of a kitten.

Should such be feasible, copies could be furnished to logical offices for anonymous mailings.

To recommend approval of a counterintelligence proposal aimed at disrupting relationships between high-ranking Black Panther Party (BPP) officials, including Huey P. Newton.

Through our special coverage in New York City, data has been developed of an existing conflict between Newton and Eldridge Cleaver, BPP official and fugitive in Algiers. Newton feels Cleaver is trying to undermine his position and authority in the BPP. In Panther discussions of the conflict, Newton has apparently accused other BPP leaders, including [REDACTED] of being aligned with Cleaver. New York proposed that a letter be sent from abroad to Newton indicating Cleaver, in concert with other BPP leaders in the U.S., is trying to undercut Newton. New York suggests the name of one of three Panther fugitives with Cleaver in Algiers be signed to the letter. Such a letter would further antagonize existing animosities and could result in the fugitive's expulsion from Algiers, thus disrupting operations there.

San Francisco, at the request of New York, suggested that the letter be signed by either [REDACTED]

New York's proposal has merit. Bureau has no capability for securely mailing the letter from Algeria. A letter suitable for this purpose has been prepared at Seat of Government (copy attached) and will be sent to Legat, Paris, with instructions to retype on European-style stationery and mail from Paris to Newton in care of BPP attorney Charles Garry in San Francisco, who regularly receives mail for Newton. Due to lack of ready availability of written signatures of BPP members known to be in Algiers who could logically mail such a letter, letter to be sent will not contain a written signature but will bear the typed initials [REDACTED]. These initials will indicate the sender to be [REDACTED] described above.

CONGELA Davis, top ten fugitive, was arrested by

Bureau Agents in New York City on 10/13/70. David Rudolph Poindexter, Negro male from Chicago, was arrested with Davis and charged with harboring. New York racial informant has advised that there have been "rumblings" in the Negro communities that Poindexter "fingered" Davis. New York suggests that anonymous letters be mailed to Ebony magazine (postmarked Chicago, Illinois) and Village Voice (postmarked New York City). Both are publications published by and primarily for Negroes. The letters would cast Huey P. Newton, BPP Minister of Defense and Supreme Commander, as the "finger man." Suggestion approved as a disruption could have a disruptive effect in the black nationalist field and particularly between the Communist Party, USA - New York and the BPP.

NYO feels that any counterintelligence program directed against POINDEXTER would be superfluous since POINDEXTER's activities in the Black Nationalist field are nominal, at the best.

In view of the fact that there is suspicion in the negro community that DAVIS was "set up", NYO suggests that HUEY NEWTON, Supreme Commander of the BPP be cast in the light as "fingerman". If such a ploy could be successfully carried out it might result in disruption in the Black Nationalist field as well as divorcing BPP from CPUSA and Militant New Left groups.

For the further information of the Bureau, the BPP has taken little or no activity in the defense of DAVIS subsequent to her arrest.

It is the proposal of the NYO that handwritten letters anonymously be forwarded to Ebony Magazine, 1820 S. Michigan Avenue, Chicago, Ill. 60616 and to the Village Voice, 80 University Place, NYC.

If this proposal meets with the satisfaction of the Bureau the letter designated for Ebony Magazine, which begins with the words, Dear Brothers and Sisters would be mailed from a negro area in Chicago, Ill. The second letter for the Village Voice would be mailed from NYC.

Dear Brothers and Sisters:

As of this writing, our lovely Sister Angela languishes in jail and her chances of freedom seem remote. She's got to pay the man, right? But the question I put to you is: Who did the man pay?

You know and I know the pigs can't come up with a Black in a Black community just by driving around the streets and hasseling the Brothers. I tell you that Sister Davis would still be free if her capture was left to the federal pigs alone. Of course, it was not that way at all. There was bread - lots of pure cash rye - put into an eager black hand which in turn twisted the knife of treachery in our Sister's back.

Now, the big question is who? Who was the cat who dishonored his skin and took the 30 pieces of silver? Some of the cats in New York and Chicago point their fingers at Poindexter. Poindexter says no. Naturally, he says no. You wouldn't expect him to say "yes" would you? Well, maybe he's right. Little Davy just don't fit the picture.....no brains, and he's a shooter.

Some of the west coast cats are looking hard at Brother Newton. Shit, you say, Huey would never sell out to pig country. He's a dedicated Nationalist, leader of the Brothers and Sisters and a cat with real soul. Maybe it's bullshit, but let's look at Huey a little closer. He gets sprung from a stiff rap in August. The man suddenly turns kind and sets our Brother free. In that same month Sister Angela is among the missing as the result of a frame the pigs laid on her. What did Huey give for the sunlight and flowers? Or better still, what did the man give sweet Huey? How come Huey's size 12 mouth has been zippered since our Sister's bust? Nothing, he says. Absolutely nothing. Not one appeal for justice. No TV, no papers, no radio, no nothing. He got five grand, so the cats say. It's enough to make a man wonder. Wouldn't be surprised if Huey didn't split the scene soon. I, for one, will be most interested.

A friend of Sister Angela

Sister Angela is in jail. Poindexter is free. Huey Newton is free. David P. is a dumb-head and a hop-head. Forget him. But Huey is smart. Gets along well with the MAN. The question is: Did this cat bank five big bills lately.....a gift from the federal pigs?

ReBuairtel 10/13/70, concerning the forwarding of an anonymous letter to [REDACTED]

It is the opinion of the San Francisco Office that [REDACTED] continues to wield a great deal of power in the BPP not through subverting NEWTON's position but rather because NEWTON has surrendered a portion of his leadership through default. He only occasionally appears at headquarters and leaders in Oakland have complained that he is not relating to all their problems.

At the present, NEWTON also appears to be avoiding many local speeches that are handled at the last moment by other members. It appears that he is contented with the arrangement.

At present there are several members of the NCCF from Dallas at National Headquarters and it is suggested that an anonymous letter be mailed from another branch. Why not mail it from Winston-Salem, North Carolina and possibly foment some trouble with a new chapter?

For the information of the Bureau, mail may be directed to [REDACTED] who recently departed Oakland for [REDACTED] would logically be in a position to know [REDACTED]

To recommend counterintelligence measures calculated to create a split between top level leaders of the Black Panther Party (BPP).

[REDACTED]

We feel that above information is a sound indication that Huey Newton is being cleverly manipulated by BPP leadership. This offers an excellent opportunity for the Bureau to create friction between Newton and [REDACTED] hopefully resulting in dissension among BPP leaders. It is felt that Newton should be made aware that [REDACTED] is subverting his party position. Because Newton is so well insulated from the public it is felt the most logical method of informing him of [REDACTED] intentions would be to send a Bureau prepared anonymous letter seemingly from a concerned Panther to [REDACTED]

Concerning previous newsletters under the same caption a local Negro pastor and leader of the NAACP in Winston-Salem has exhibited past newsletters indicating he believes this to be a good move by some small church group afraid to speak out publicly, against the Black Panthers. This is another good counterintelligence measure to drive a wedge between the BPP and the local Negro residents of Winston-Salem.

Re Charlotte airtel to Bureau dated 8/17/70; Bureau airtel to Charlotte dated 9/18/70; and Charlotte airtel to Bureau dated 9/25/70.

It is noted that the Charlotte Office mailed out a news sheet captioned "The Committee of Twenty-five" pursuant to Bureau authority. Response was good; and, in fact,

\_\_\_\_\_ produced one of the letters noting that he considered it a good move by some small church group who were afraid to speak out publicly and believed that the letter would sway people who were "on the fence" in their thinking about the Black Panthers. In addition, information from the Winston-Salem, N. C., Police Department indicates this proposal may have caused a decrease in donations and other community support of the Black Panther Party noting they are having extreme difficulties in disposing of their newspapers.

Due to the apparent success of this operation, Charlotte desires its continuance; and the following proposed letter under the caption "The Committee of 25" is presented for the Bureau's approval:

Even worse if no one in the neighborhood is killed they talk of killing one of the children there themselves and blaming it on the police. Be alert to this.

It is noted that there are misspellings and other errors; however, this is to make the newsletter more realistic. It is believed that the newsletter if prepared in this manner will be an attack on the Panthers for commission of armed robberies; [REDACTED] for his public refusal to work instead of going to jail; and the fact that the Panthers are shoplifting from local stores. Because of the internal dissension in the Jersey City, New Jersey, Chapter of the Black Panther Party (BPP), a criticism of the BPP newspaper from that chapter would have value as a counterintelligence measure in compounding this dissension and add to the possibility that national BPP headquarters will take disciplinary action against the Jersey City BPP which has been baiting the police and seeking a confrontation with the police.

For the above reason Newark authorized to implement its counterintelligence suggestion and keep the Bureau advised of all positive results.

NOTE:

Newark recommended a letter signed "Jersey City Black Panther Party" be sent to BPP national headquarters criticizing cartoons in the BPP newspaper which depict children, women and old men holding guns, creating the impression that these people are leading the "army of liberation." San Francisco fails to see any counter-intelligence value in this, feeling that to point out errors in the paper might improve the product. Newark did not include information about the dissension in Jersey City in its recommendation. This aspect of the situation is worth the counterintelligence effort, despite San Francisco's observations.

Re Detroit airtel 9/30/70, discussing the composition of anonymous letter directed to HUEY NEWTON accusing [REDACTED] of stealing BPP funds and depositing them in a numbered account in Switzerland.

In the event the Bureau decides to approve the letter San Francisco is of the opinion it should be directed to HUEY NEWTON at 1046 Peralta, Oakland, California, the National Headquarters of the BPP. It is not likely that a person directing a letter from abroad to NEWTON would be aware of another address where NEWTON might receive mail. San Francisco has already suggested the directing of another anonymous letter to NEWTON through CHARLES GARRY, his attorney, and we feel that a second anonymous communication directed to him at the same address would cause undue suspicion..

San Francisco would recommend that the letter to NEWTON be as uncomplicated as possible in order that the cover not be blown.

This office has had BPP deserters in the past but we know of no BPP deserters who have sought asylum in Europe. The San Francisco Office is not aware that Switzerland offers U.S. deserters the same type of asylum that are granted to Selective Service fugitives in Sweden.

Detroit should also bear in mind that the BPP has representatives in the Scandinavian countries and might possibly feel they should be aware of any BPP deserter presently residing in Switzerland.

San Francisco also wishes to point out that it is not believed logical for the suspicion to be set forth in the letter that a homosexual may be in contact with [REDACTED] on a periodic basis as the homosexual seems to have access to obtaining BPP newspapers. [REDACTED] is not involved in the distribution of "The Black Panther" and BPP sources in San Francisco are aware of the number and the destination of "The Black Panther" newspaper being forwarded to Europe. San Francisco might also point out that BOBBY SEALE, [REDACTED]

San Francisco is unable to furnish the name or location of any hangouts in the San Francisco area where BPP members might contact deserters and homosexuals. The BPP members in this area for the most part appear to limit their activities around the party's pads and community centers.

Re Norfolk letters, 10/23/68 and 5/19/69; Chicago letter, 6/3/69.

Enclosed herewith are two copies of an anonymous letter which the Norfolk Division desires to send to [REDACTED], Chicago, Illinois. The letter will contain the noted typographical errors and misspelled words. It will be sent in an envelope to the indicated address with no return address. It will be handwritten.

The purpose of the letter is to request [REDACTED] to direct that an inquiry be made concerning the allegation that [REDACTED] fathered an illegitimate child by [REDACTED] etc. If investigation were conducted by NOI Headquarters, it is felt it could cause dissension in the Mosque, "shake things up," and even possibly cause the removal of [REDACTED]

[REDACTED] has suspended several members of the Mosque, both male and female, for fornication and has frequently told the membership what a high standard of morals he allegedly has. Following his marriage to [REDACTED], he bragged how he never even touched or kissed her until they were married "because the Messenger wanted me to be pure."

A similar type letter was previously directed to [REDACTED] but no action was taken on the basis of that letter. It is felt that another attempt should be made at this time through [REDACTED]

There is a small dissenting NOI group which meets in Portsmouth, Virginia, consisting of four members. These persons refuse to go to Mosque meetings as long as [REDACTED]

Since [REDACTED] removed [REDACTED] in [REDACTED] he has been unable to find a suitable replacement for him. The current [REDACTED] has already incurred the wrath of the male members because he is attempting to run the small Norfolk Mosque like the NOI runs the New York Mosques. Membership growth in the Norfolk Mosque has been at virtually a standstill during the last several years and according to informants, new members quickly become disenchanted with [REDACTED]

About three months ago, [REDACTED] had a number of NOI members sign a petition asking for the removal of [REDACTED] on the grounds of incompetency; and [REDACTED] indicated he was going to send a petition to Chicago Headquarters. [REDACTED]

It is felt that an anonymous letter at this time would be timely following in the wake of [REDACTED] petition.

Referenced Norfolk letters contain further background about [REDACTED] who are members of the Tidewater Mosque.

ReNKairtel 10/18/70.

Bureau appreciates your efforts under the Counterintelligence Program. However, Newark should consider something different from the suggested item submitted in referenced airtel. Your submission by airtel captioned "Counterintelligence Program, Black Nationalist - Hate Groups, Racial Intelligence, Black Panther Party (BPP)," is quite similar and more applicable for use in the BPP Counterintelligence Program. Bureau airtel 10/20/70 approved Newark's proposal set out in NKairtel 10/13/70.

Newark report dated 9/18/70 captioned "Students for a Democratic Society, IS - SDS; Sedition" stated that no SDS activity is reported in the Newark, New Jersey, area. However, your submission in referenced airtel indicated that the handwritten letter to be sent to the BPP would be signed by "Newark SDS." Bureau feels that this would have little impact or cause no disruption in BPP headquarters, Jersey City, New Jersey, particularly since on October 13, 1970, [REDACTED]

[REDACTED], emphasized that his group no longer was connected with the Weatherman faction and that the Weatherman faction had split off from SDS. [REDACTED] also claimed that his group was opposed to recent bombings. Review of SDS report mentioned above from your office indicates that only Worker Student Alliance chapters are present in the State of New Jersey.

Newark should reconsider a submission under Cointelpro aimed at disrupting present main chapters of SDS/WSA in the State of New Jersey.

Suggestion submitted under Cointelpro-New Left most likely would be discarded by BPP and have little disruptive force against SDS.

Continuing [REDACTED] that HUEY (NEWTON) was running his mouth off "to that crazy woman, [REDACTED]" [REDACTED] interjected that they should not be talking behind anyone's back. [REDACTED] said "they" even brought up ELDRIDGE's (CLEAVER) attitude towards [REDACTED] and other party people. [REDACTED] said he can never understand what's on ELDRIDGE's mind because he never comes out with anything "plain and simple".

[REDACTED] then stated that HUEY (NEWTON) was uptight last night because ELDRIDGE called and asked for him and it seemed as if he was overriding HUEY's position and authority in the Party. [REDACTED] indicates that this is one reason why HUEY has not permitted him to go over there (Algiers).

[REDACTED] then said "I don't have no conspiracy going with ELDRIDGE". [REDACTED] retorted that someone has to straighten out all this "madness".

The NYO believes that the proposal may bear fruit because it would appear that HUEY P. NEWTON is apparently unstable and suffering some sort of complex. NEWTON from Algiers, Algeria.

San Francisco would suggest that the note be signed by [REDACTED] BPP members in Algiers are in frequent telephonic contact with National Headquarters [REDACTED] in particular is on the phone frequently. It is believed that it would be a simple matter for NEWTON to ask [REDACTED] directly if he had forwarded such a letter, but he may have to make such an inquiry of [REDACTED] through another person and might hesitate to do so.

San Francisco does not believe that either [REDACTED] would be in a position to know NEWTON's residence but they would surely know of NEWTON's close association with CHARLES GARRY, the BPP attorney. It is therefore suggested that the proposed letter, if approved, be directed to HUEY NEWTON, c/o CHARLES GARRY, 341 Market Street, San Francisco, California 94111.

DATE: 10/21/70

FROM : SAC, BOSTON (157-531)

SUBJECT: COUNTERINTELLIGENCE PROGRAM  
BLACK NATIONALIST - HATE GROUPS  
RACIAL INTELLIGENCE  
BLACK PANTHER PARTY

The 10/10/70 edition of the Black Panther newspaper on page two contained an unsigned article captioned, "Boston Pig Killed During Bank Holdup."

The article referred to the fatal shooting of Patrolman WALTER SCHROEDER, Boston Police Department, who was gunned down when he responded to a bank robbery alarm at the State St. Bank on 9/23/70. The above-mentioned article referred in glowing terms to the death of the "criminal pig" by name, stating he was nothing more than a lackey who stood in the way of the oppressed during a justifiable act of reclaiming what was theirs. This article was unsigned but was contributed by the Boston Chapter, BPP.

The fatal shooting of Patrolman SCHROEDER received voluminous publicity in the Boston area and throughout the nation. Much sympathy for the patrolman's widow and nine children was in evidence and several trust funds were set up for them and contributions were noted from people throughout the country and from all walks of life.

An article in the Boston Sunday Herald of 10/11/70 contained a reprint of the above BPP newspaper article. Reaction to this latter article, according to Boston Office sources, has been very unfavorable to the BPP and there is little doubt that the BPP article has incurred the wrath of most citizens.

In view of the above, it is suggested that as a counterintelligence move in similar situations, friendly news sources be contacted to disseminate similar BPP newspaper articles on a selected basis which are certain to arouse animosity toward the BPP. It is contemplated that such actions could result in the curtailment of BPP speaking engagements as well as a reduction in financial contributions to the Party, thereby creating a serious problem for the BPP.

Re New Haven letter 10/8/70.

San Francisco agrees with New Haven that it would be timely to mail an anonymous letter to SEALE but we have been under the opinion that such a letter would not be delivered to SEALE.

The letter proposed by New Haven and signed *[Redacted]* is hardly anonymous inasmuch as this is the well-known alias of *[Redacted]*. He is also quite literate.

It is suggested that New Haven contact State Jail at Montville and ascertain if anonymous communications or letters from correspondents not approved would be delivered to SEALE. In the event SEALE could receive such material San Francisco will make further specific recommendations.

In the event SEALE is unable to receive these communications or in the event the Bureau feels that this type

NOTE:

Newark noted that in one recent issue of "The  
Black Panther" newspaper a woman, a boy and an old man  
were depicted holding weapons. Newark proposes that it send  
a letter to BPP Headquarters in Oakland, California, signed  
"BPP, Jersey City, New Jersey," criticizing the inference  
that women, children and old men are leading the "liberation."  
The Jersey City Chapter is having internal problems. Three  
leading members recently deserted the chapter. The chapter  
for months has been baiting the police seeking a confrontation.  
This suggestion will help keep the dissension going.

The following counterintelligence suggestion pertains to cartoons in the 10/10/70 issue of "The Black Panther".

On page 3, columns 4 and 5, there is depicted a man holding a child on his knee, one at his feet, and behind a screen door a woman holding an automatic weapon. On page 4, columns 3-5, there is pictured a boy holding a weapon and a "molotov cocktail". On page 5, column 5, a cartoon of an elderly man, bald and smoking a corn-cob pipe, armed with an automatic weapon and a knife.

All three cartoons could be implied to indicate that women, children and old men are primarily responsible for carrying on the fight of the BPP.

Newark proposes that the following letter be sent to the BPP Ministry of Information in San Francisco. It will be written in longhand by an agent, on 5"x10" type paper purchased in a local stationary store and mailed in Jersey City.

"I just got done reading the last issue of our paper, dated October 10 & I am bugged by the possibility there is a agent provacature in your midst. Judging from the pictures on page 3, page 4 & page 5, it looks like women, kids & old men are fighting for the lumpen. Someone out there is either real smart or real stupid. The Bureau is taking no action with respect to  
San Francisco's counterintelligence proposal regarding BPP  
member [REDACTED] as suggested on page three of  
retel inasmuch as [REDACTED] successfully entered the United  
States on 10-2-70 and remains here at this time. It is  
further pointed out that course of action proposed by  
San Francisco would involve the Central Intelligence

action from close supervision and tight control by the  
Bureau.

In the event San Francisco and/or New York develop
